

55th EQuIP Assembly Meeting

Dear VdGM friends and colleagues,

I would personally like to invite you to join us at the 55th EQuIP Assembly meeting in **Thessaloniki: 29-30th March 2019**. EQuIP (The European Society for Quality and Safety in Family Practice) is WONCA's network dedicated to improving quality and safety.

This fantastic two days, set in the luxurious Mediterranean palace right by the sea, will **bring together those passionate about patient quality and safety** from across Europe. It's a fantastic opportunity for us as young family medics to **engage directly with experts, to present our work, and find like-minded colleagues**. There will be opportunities for VdGM colleagues to meet together, socials, and a fantastic gala dinner. EQuIP is welcoming us with a tremendous discount: 50% off for trainees, making the cost **only 150 euros**.

The theme this year is **Healthy Practices, Healthy Professionals, Healthy Patients**, with an amazing line-up of key notes to consider topical issues such as doctors as role models, burnout in our profession, patient education strategies and digital therapeutics. Have you done some work in any of these areas? **The call for abstracts is open: deadline 31st January 2019!**

Find out more: www.equip2019.eu I hope to see you there!
